

UNISAFE-PESO CERTIFIED

PESO CERTIFIED SCBA CYLINDER REFILLING SERVICE

We're thrilled to share a major milestone in our journey to keep your workforce safe.

Unisafe Services is now officially PESO Certified for SCBA cylinder refilling!

TECHNICAL SPECIFICATION

- **Government-Approved Safety:** Certified by the Petroleum and Explosives Safety Organization, our refilling station strictly adheres to national safety standards.
- **Accurate, Inspected, Reliable:** Every SCBA cylinder undergoes visual checks, calibrated refilling, and pressure testing – ensuring top-notch performance in emergencies.
- **Certified Refill Tag:** Each unit is tagged with a PESO-compliant refill certificate, offering full traceability and legal safety assurance.
- **Handled by Trained Experts:** Our technicians are qualified and trained in PESO protocols to ensure nothing but safe and secure operations.
