

## UNISAFE WELDING BLANKET

# SILICONE COATED BLANKET

Model: SILICONE BLANKET

### TECHNICAL SPECIFICATION

- **High Protection:** Shields against sparks, slag, and molten metal splatter.
- **Flame-Retardant:** Resists ignition and helps prevent fire hazards.
- **Heat Resistant:** Suitable for welding, cutting, and high-temperature tasks.
- **Waterproof:** Offers protection even in damp or wet conditions.
- **Durable & Flexible:** Silicone coating ensures long-lasting use and flexibility.
- **Safety Essential:** Protects workers, equipment, and surfaces in industrial settings.

### DESCRIPTION:

Offers superior protection from sparks, slag, and molten metal. Flame-retardant, waterproof, and heat-resistant—ideal for welding and high-temp tasks. Flexible, durable, and essential for fire safety in industrial settings.
